MIMEOGRAPHING – Black ink only – Done from varityped stencils which beautify programs, circulars, letters, bulletins, cards etc. Addressed stickers can be mimeographed also, which is more economical than typed with carbon copies.

ELLIOTT-ADDRESSING – 5c each stencil cut, plus 2 addresses for 1c to run them off. If price runs too expensive, then ask your group to share in cutting the stencil's only once in a lifetime and I will run them off each time addressing for only 2 for 1c. This way reduces the price and increase speed.

CORMAC-PHOTOCOPY – Be wise and don't wait till you lose those precious documents. Make an extra copy or two of your certificate, diploma, contract, etc. besides the ones you carry around with you.

VARITYPING – I have 7 fonts of various types: Elite, Large, Script, Small caps, Bible, Handwriting and a very small type. These are the types that beautify your mimeographing work, plus some art work if you wish.

DUPLICATING – Spirit – 5 colors run with one operation or only ditto color if you wish. Purple, red, blue, black and green only. Beautiful colors for art work.

TYPING – Everything.

GENERAL OFFICE WORK – Everything.

NEW SERVICE – I will help anyone with the following subjects for only 50c – 1/2 hour lesson on appointment right in my workshop. I am no teacher but have patience and kindness for this work. (1) Third, fourth and fifth grades Mathematics, Spelling, Reading and Penmanship – for those whose parents and teachers are too occupied with their careers and club meetings, and have no time to give extra help. (2) Gregg Shorthand and Touch Typing – To jot down and type important speeches and minutes of club meetings. (3) Portuguese Language – To make your Latin easier and know how to speak Portuguese when you visit "Our Lady of Fatima" in Portugal (Nossa Senhora da Fatima), and is very helpful if you wish to travel around the Portuguese-spoken countries.
